Update to the Transfer of Credit Policy Page 9 of the Catalog

Transfer of credit is always the decision of the individual college or university and is controlled by the receiving college. Accreditation does not guarantee transfer of credits.

Applicants requesting credit earned for previous training at another post-secondary institution must submit sealed official transcripts to the Registrar with 30 day of starting a program. In order to be considered, the institution where the credit was previously earned must be accredited by an agency recognized by the United States Department of Education and/or the Commission for Higher Education Accreditation (CHEA).

CLEP is not accepted for Transfer Credit.

ADVANCED STANDING / PROFICIENCIES

The College does not award credit for Advanced Standing, nor does the College permit students to proficiency out of courses.

Transfer of credit from prior education must meet the following requirements:

- College course must be completed within 20 years of admission to Cambridge College with a minimum grade of a C or higher.
- The following courses require a grade of a B or higher for transferability:
    - Anatomy & Physiology I
    - Anatomy & Physiology I Lab
    - Anatomy & Physiology II
    - Anatomy & Physiology II Lab
    - College Algebra

Any student wishing to submit transcripts from a foreign country for consideration of admission is required to provide a translation and evaluation by an approved organization recognized within the Department of Education.

Reduction of tuition for transfer of credit is not to exceed 16 credits.
