## **Update to the Catalog Page 43 Financial Assistance**

### **Addition of Florida Student Assistance Grant (FSAG) and Florida Bright Futures Grant**

Cambridge College of Healthcare & Technology believes that students and their families have the primary responsibility for educational costs. However, we realize that many families are unable to immediately fund the entire cost of education. To that end, Cambridge College of Healthcare & Technology participates in Federal Title IV financial assistance programs to aid students who qualify in meeting the cost of attending school. Many Cambridge students supplement Title IV aid with other financial assistance programs such as employer reimbursement, veteran benefits, agency sponsorship, and other educational financing sources. A student can enlist the help of the financial aid department if assistance is needed to obtain supplemental aid. Cambridge College participates in the Federal Financial Aid (Title IV) Program which is available for those students who qualify.

Some of the frequently used financial aid programs are listed here and described below:

- Pell Grants
- Federal Work Study
- Direct Subsidized Stafford Loans
- Direct Unsubsidized Stafford Loans
- Direct PLUS loans for parents of qualified dependent students
- **Florida Student Assistance Grant (FSAG)**
- **Florida Bright Futures Grant**
- Workforce Investment Act (WIA)
- 529 Prepaid College Plans
- Scholarships

### **Florida Bright Futures**

The Florida Bright Futures Scholarship Program establishes three lottery-funded scholarships to reward Florida high school graduates for high academic achievement.

The Florida Bright Futures Scholarship Program is comprised of the following three awards:

- Florida Academic Scholars (FAS) award (including Academic Top Scholars (ATS) award
- Florida Medallion Scholars (FMS) award
- Florida Gold Seal Vocational Scholars (GSV) award

### **Florida Student Assistance Grant (FSAG)**

The Florida Student Assistance Grant (FSAG) Program is a need-based grant program available to degree-seeking, resident, undergraduate students who demonstrate substantial financial need and are enrolled in participating postsecondary institutions.

### **Disclosure**

Students are required to provide their physical location at the time of enrollment by providing the information on the Admissions Application. Students are required to immediately notify the institution of a change to their physical location by notifying the Registrar in writing. Currently under the NC-SARA Reciprocity agreement, California is the only state that does not participate. If a student relocates to the state of California this will adversely impact the student's ability to complete their program.
